

**NATIONAL ASSOCIATION
OF
OEW CONTRACTORS (NAOC)**
(ESTABLISHED 22 FEBRUARY 1995)

-- Membership Application Form --

(Mail to Membership Committee; see address on page 4)

The National Association of OEW Contractors is a tax-exempt professional association of firms who actively support and participate in the Ordnance and Explosive Waste (OEW) Community. Membership is open to all companies which perform OEW/UXO investigations, studies, or remediation, or which works in a field related to or supporting explosive waste services. Please request a copy of the NAOC's "Articles of Association" for additional information; make requests to NAOC's Secretary (see page 4 for address).

The basic objectives of NAOC are to represent and promote the interests of its members and the public in the field of Ordnance and Explosive Waste related work. These objectives include having NAOC serve as industry's spokesman for the OEW contractors; provide communications with governmental agencies; promote the quality, effectiveness and safety of OEW-related work and coordinate with technology providers to focus their efforts on developments which will benefit members and clients.

NAOC's dues schedule is shown below. Payment can be made in full or incremental as shown. **Please make check payable to "NAOC".**

Large Business (greater than 500 employees)

Existing lobby efforts or membership in organizations with lobby efforts ?

Circle one: Yes No

Point of contact for more information on lobbying efforts (name/ location/ phone number/ email):

Notes:

- (1) Information such as estimated revenue, approximate number of employees/offices, and major office is requested to provide a profile of the membership so that we may better represent NAOC. Information may be approximate (+/-10%).
- (2) Major business locations are those with approximately 100 employees or more. For firms with less than 5 offices meeting this criterion, please identify your 5 largest offices not including the corporate headquarters office identified on page 3. Zip codes are essential for the information to be utilized effectively (e.g., to determine congressional districts).
